BULLETIN – MICRO MAX & MINI MAX EXHAUST FITTING

Dear Competitors/Entrants,

Please note the below updates to the UAE RMC Technical Regulations 2025-26 (UAE RMC TR) which come into force at all events from 01 January 2026.

MINI MAX PERFORATED TUBE

In relation to **Article 6.17.2** of the UAE RMC TR and referring to Rotax Part No. 273211 and 273213 as illustrated below, please note that the fine metal mesh must cover all the small holes on the perforated tube.

EXHAUST SYSTEM 125 MICRO MAX AND 125 MINI MAX

In relation to **Article 6.17** of the UAE RMC TR, competitors are advised that the **mandatory requirement** to fix exhaust system Rotax Part No. 273136 (Micro MAX) or 273138 (Mini MAX) to the cylinder is:

- 2 pcs of original ROTAX spring EVO stainless (Part no. ROT938798) **PLUS**
- 2 pcs original ROTAX Spring 66mm (Part no. ROT938796) – either stainless or black versions are permitted

ROTAX Part no. ROT938798

STAINLESS BLACK
ROTAX Part no. ROT938796

The springs should be as supplied (not stretched beyond their elastic limit) and installed according to the below pictures:
