Emergency Practice – Application must be made to grid marshal who will check with race control and timing

Karts who have failed to complete 3 laps practice will be notified via the NatSKA Public Address WhatsApp group. Please make sure you are a member of this group to receive communications.

If you are asked to attend for emergency practice via WhatsApp group, please ensure that you do it... this means that your transponder may have failed and we have been unable to verify that you have completed 3 laps practice.

Trophies and medals will be awarded in line with the number of class entries

If time permits a separate event will be run that will not count towards the main results of the meeting.

ORDER OF PRACTICE - (Provisional)

All Teams must have access to their own printed copy of the grids

- Classes 14 & 12
- Class 7 & 8
- Class 11
- Class 15
- Class 11 & 14 Novice
- Class 1 & 4 and associated Novices
- Emergency practice 1 (LOW POWER)
- Emergency practice 2 (HIGH POWER)
- Emergency Practice 3 (Cadet)

Notes:

- Provisional and subject to change at any point, additional novice sessions may be run at the end of the day if time allows
- Racing will be over four heats with the combined score of three heats to count
- Trophies and certificates will be awarded in line with the number of class entries
- Grid positions are to be determined at random (and then by rotation)
- Prize giving will take place 30 minutes after the last result is posted
- If time permits a separate novice practice event will be run that will not count towards the main results of the meeting

Final order to be listed on the day.

Some classes may be separated, or further combined if relative performance and NatSKA rules permit. The organisers reserve the right to exclude a class if there are insufficient numbers to make up a grid.

All Novice Drivers racing from the back of the grid in the qualified class MUST carry an additional yellow plate bearing the letter N on the rear of their kart during all Sessions. Novices in novice only practice sessions MAY carry this plate (where the kart is also being used by other drivers racing from the back of the grid) but are not required to do so. During novice only practice sessions racing is not permitted.

You can run your engines for **up to 10 seconds only**. Running engines for more than 10 seconds is not permitted. The engine run is to check the engine starts and runs, not to warm it up pre session. The circuit has noise constraints to consider in order to keep their neighbours happy.

GRID AREA / PROCEDURE

Karts may proceed onto the dummy grid (providing it is clear and ready to accept the next grid of competitors) whenever they feel that they are ready.

When there is 3 minutes + 1 lap of the preceding race remaining the grid will be closed. Any kart not on the ground in the correct grid slot or under the control of a Grid marshal at this point will be moved to the back of the grid.

Once the kart has entered the dummy grid area for all heats including practice the driver/mechanic must position it on to their grid position or as directed by the grid marshal.

Adjustments will be allowed on the Dummy Grid in line with current NatSKA Rulebook. Any infringement of this rule will result in the competitor being placed at the rear of the grid for that race

Trolleys must be removed from the grid and placed in the trolley park

Failed Start Line

Please note that any kart that is still being pushed beyond the failed start line, which subsequently "fires" and takes part in the race MAY BE EXCLUDED FROM THAT HEAT.

Quarter Flag / Battenburg Flag For the safety of all (drivers and marshals)

Please note:

- a) The race leader is responsible for the speed / pace. Regulations state that karts should slow to rolling lap speed. If the leading kart does not slow down by MORE THAN 20% of the fastest lap time to allow for all of the following karts to form up in-line behind them, the leading kart will receive a 1 lap penalty.**

- b) Following karts must also slow by MORE THAN 20% of their fastest lap throughout the quarter flag period, if they do not then they will receive a 10 second penalty.**
- c) The race leader is effectively a SAFETY CAR and will go extra slowly to allow a train of karts to form up behind them.**
- d) Racing only resumes when a green flag is displayed at the Start / Finish line (and overtaking is not permitted until you have PASSED the line).**

Restarting is only allowed in accordance with the NATSKA Handbook (UPDATED FOR 2023 – PLEASE ENSURE YOU ARE FAMILIAR WITH THIS SECTION). Please note that as agreed, for safety reasons, this has been amended as follows:

Visual Warnings (Mechanical / Driving Standards / Black)

These will be displayed at the Start / Finish line. Please ensure that you are aware of its location.

Scrutineering / Final Heat

Anyone who wishes to not complete the final heat must inform the scrutineer and leave their kart in parc ferme after the penultimate heat. Failure to do so may result in exclusion from the meeting.

Novice of the Day (low power classes)

Novice of the day will be chosen by Circuit officials on the day and co-ordinated by the Start / Finish team, looking at improvement, race craft, race times and consistency. The circuit official's decision is final and no appeal will be allowed.

Kart mounted Cameras

Any driver who has a kart mounted camera must ensure that the top of the camera sits below the bottom of the front Nassau panel number plate and must not obscure any part of the number plate. For the avoidance of doubt Camera or video devices are not sanctioned or controlled by NatSKA and cannot be used by a driver or team in judicial matters although the Clerk of the course can request to see footage. Footage can be commandeered by NatSKA in the event of a serious accident to aid Motorsport UK investigations.

Circuit Cameras

If suitable circuit cameras are available, the Clerk of the Course may choose to utilise the cameras in any judicial investigations

Environmental Sound Levels

In line with Motorsport UK permit conditions sound checks will be recorded, any kart found to exceed the maximum sound level may be excluded from the meeting

Medical Information
