

Event Bulletin 06

Reason

Due to damage to the ground adjacent to the circuit edge, a barrier has been placed on the inside of the apex of Marshal Post 3.

If Competitors drive behind the barrier (as indicated by the red arrow) then this will be deemed as cutting the circuit and a penalty may be immediately issued.

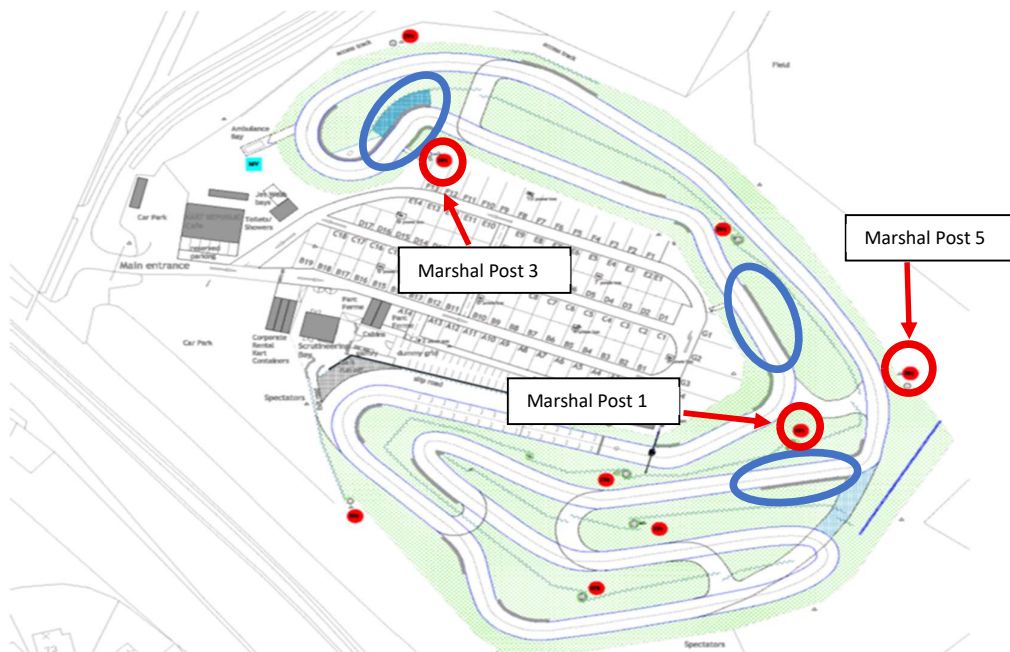

Reason: Clarification of Track Limits

The painted blue run off areas (indicated in the blue ovals below) can be used at the following corners:

- The exit of the left hand corner after Marshal Post 1
- The exit of the left hand corner after Marshal Post 3.
- The exit of the right hand corner after Marshal Post 5.

All other painted areas on the circuit cannot be used and will be deemed as exceeding track limits so reported to the Event Stewards.
